UTILITY ORDERS WIRES BURNED

Witness Tells Lobby Probers of Company's Move To Avoid Inquiry Trouble

BROKER ADMITS HIS PART

Says He Destroyed All Records After Having Sent Hundreds of Telegrams

WASHINGTON, July 15.—Testimony that an official of the Associated Gas & Electric Co. soon after the Senate lobby investigation was ordered to destroy all records in connection with their campaign against the utility bill, was received today by the lobby committee.

O'Brien said he had been directed by H. E. Beach, manager of the securities department of Associated at Chicago, N. Y., to destroy all records in a wastebasket.

Immediately O'Brien added he told all his branch offices to get rid of their records.

Did Beach say to you that the company was going to destroy every record it had everywhere in the United States in connection with the Wheeler bill? asked Chairman Black.

O'Brien said he had no record of the company's move to destroy records, but he was sure it was true.

R. P. Herron, bond salesman of Warren, Pa., who at several hundred telegrams to members of Congress against the legislation.

SENATORS BAR TAX ON RAYON

Vote Follows Withdrawal of Amendment Aimed at Protective Measure

FEAR TRADE EFFECTS

Cite Commerce Between U S and Japanese and Scandinavian Silk Firms

WASHINGTON, July 15.—With a shout of no the Senate today struck out of the administration's tax amendment a protective measure.

The vote came after Sen. Burnes, Democrat of South Carolina, had withdrawn an amendment he had proposed as a joint protection to cotton and rayon.

An amendment proposed by the agriculture committee placing on rayon alone a tax of 125 per cent of the processing tax on cotton.

The amendment was defeated after Chairman Smith, Democrat of South Carolina, of the committee had said he was not insistent upon it.

In giving way to opposition against the rayon tax amendment, Smith declared he was fearful the Burnes amendment would have a trade effect on the export trade on cotton.

MEET the WIFE

At a recent social gathering, Mrs. J. W. Wilson, wife of the well-known local businessman, was the guest of honor. She was accompanied by her husband and a large number of friends. The occasion was a very successful one, and all enjoyed it very much.

DOES YOUR HUSBAND CALL YOU GROUCHY?

He's truthful if not tactful. Man-like, he is bewildered by your offishness and irritability. He can understand what you have to be blue about. He wishes that you'd snap out of it. He'd do anything he could to help you. If he knew how good Lydia E. Pinkham's Vegetable Compound was, he'd go straight to the nearest drug store and buy you a bottle.

"My husband says I am my old self again," says Mrs. Barbara Spears, 799 Elm Street, Akron, Ohio. "I was tired and all in with no appetite. Had no pep and was in poor spirits. Your Vegetable Compound eliminated that awful tired feeling. Don't try your husband's patience too far. Get a bottle from your druggist NOW. It probably will help you because nearly a million American women know from personal experience that it helps them."

DETROIT, July 15.—The
information will bring any cheer to
Manager Mickey Vernon and his
Tigers now battling their way
through a rough and untidy
season. The Boss Tiger isn't particularly worried
over the rugged Rifics of New
York.

The Boss Tiger is Frank J. Navin,
president of the Detroit Base-
ball Co., and he made it plain to-
day that a little thing like a two
and a half game lead which the
New York Yankees hold over his
American League champions isn't
anything to get excited about, at
this time of the year.

"When the season is a little past
the halfway mark, a team four and
five games behind still has a very
good chance of overhauling the
leader," the Bengal head man
pointed out. "In my opinion there
is no cause for worry because Detroit
hasn't yet caught the Yankees."

"I think Detroit has a very good
chance of beating them. Anyway,
it's going to be a two-team race
down the stretch for the flag."

The Head Tiger indicated he is
satisfied with his club, at least
for another year. No deals now
are contemplated, and it appears
that the same club which won a
pennant for Detroit last year, the
first time in a quarter of a century,
will represent the city in 1936.

Down in Cincinnati the fans are
asking "third place in the National
League ladder for the Cincinnati
Reds?"

Take it from Chuck Dressen,
pilot of last year's cellar-dwellers,
"there's no telling where they'll
go, with any kind of pitching."

Surveying the team after seven
straight victories, including two
over the league-leading Giants,
Dressen declared himself "satisfied"
and added he would have equal
satisfaction if his charges closed
the season in fourth place.

The Reds, he said, have been
"playing inspired ball" in sweep-
ing their series with Brooklyn,
then piling on the Giants Monday
and Tuesday.

"Now that they are in fifth
place," he continued, "and it's a
cinch, when they get there they'll
be talking 'third place'."

What observers have dubbed
Cincinnati's "kid team" has been
improving constantly and profiting
even in defeat, Dressen declared.

"I'm satisfied. Our pitchers are
improving, and I repeat, if the
boys have good pitching, there's
no telling where they'll go by the
time the season is over."

Harding Gridders Asked To Start "Workout Clubs"

Although it's still a far cry to the
1933 gridders campaign and a
matter of outside interest for many
fans until the heat of baseball bat-
tles has died out, Harding High
school athletic officials are now
making elaborate plans for a big-
ger and better football season
this fall.

With the new Harding Stadium
rapidly taking form and a new
coach signed to direct the destinies
of President Gridders, football pro-
spects are taking on a rosy hue
again. The former football mentor, Carl
Cramer, former Ohio State star
and coach last year at Kenton, has
outlined the ground-work for his
fall campaign. Cramer is now at-
tending summer coaching school
at Ohio State.

In a recent communication he
has asked all prospective Presi-
dent gridders to fill out a card
giving him this information: name,

address and phone number; work
done this summer, and other infor-
mation pertaining to physical train-
ing during the summer.

This information is to be sent
to Carl Cramer, 1942 Lika avenue,
Columbus, as soon as possible by
all candidates, he said.

Cramer has also asked boys
living in various sections of the
city to get together for "running
equal" work and "workout club"
organization. He has requested
candidates to run from one to
four miles, gradually increasing
the distance. He has emphasized
the need of a shower and run down
following each exercising period.

All backs, ends and centers are
directed to handle a football as
much as possible during the next
two months. He has suggested
players get together for this train-
ing in the early evening.

Although Cramer does not expect

to return to Marion until about
the first of September, he is an-
xious that all Harding gridders
take part in some preliminary
work before that date. He points
out the need of continual drill in
the exercises he has outlined.

"Training one week and laying
off the next won't do any good,"
he pointed out.

A number of Harding players
have been following out directions
for training during the past two
weeks while others will have their
first workouts this week.
